

Fabio Vistoli

Curriculum Vitae

November 1st, 2025

Prof. Fabio Vistoli, MD, PhD

Medical Doctor, Specialist in Digestive Abdominal Surgery and Surgical Endoscopy

PhD in Surgery, Immunology and Transplant Biotechnology

Full Professor of Surgery

PERSONAL DATA

- **Particulars:** Fabio Vistoli
 - **Nationality:** Italian
-

CONTACT INFORMATION

- **Institutional Address:**
 - UOC Chirurgia Generale e dei Trapianti d'Organo – Ospedale San Salvatore, via Lorenzo Natali, 1 – 67100 L'Aquila
 - Email: fabio.vistoli@univaq.it
-

ACTUAL APPOINTMENTS

- Full Professor of Surgery – University of L'Aquila, L'Aquila (Italy) – since 2023
 - Director Residency Program in General Surgery - University of L'Aquila, L'Aquila (Italy) – since 2024
 - Head Division of General Surgery and Organ Transplantation – University of L'Aquila, L'Aquila (Italy) - since 2023
 - Head Kidney and Pancreas Transplantation Centre, Abruzzo and Molise Regions – since 2023
 - Member of the Board of the PhD Course in Experimental Medicine, University of L'Aquila, L'Aquila (Italy) (since 2024)
-

PERSONAL PROFILE

A highly experienced abdominal surgeon with more than three decades of clinical, academic, and research activity. Prof. Vistoli is renowned for his expertise in HPB surgery as well as in kidney and pancreas transplantation. His career is marked by surgical innovation, leadership in pancreatic oncologic surgery, multidisciplinary transplant programs, and a strong commitment to teaching and research. His pioneering work in minimally invasive and robotic techniques has advanced the field of organ transplantation and general surgery.

LANGUAGES & INFORMATION TECHNOLOGY

- Languages: English (Advanced), French (Intermediate)
-

EDUCATION & TRAINING

Medical and Surgical Studies

- MD in Medicine and Surgery with Honors– University of Pisa, Faculty of Medicine and Surgery (1995)

Specialization & Advanced Training

- Specialization in Digestive Abdominal Surgery and Surgical Endoscopy – University of Pisa, (2001)
- PhD with Honors in Surgery, Immunology, and Transplant Biotechnology – University of Pisa (2011)

Postgraduate Fellowships:

- Observership in Gastrointestinal Metabolic Surgery at Cornell Medical College, New York (Nov–Dec 2011)
 - Post-doctoral Research in Transplant Immunology at ITERT, Centre Hospitalier et Universitaire de Nantes, France (Feb 2007 – Jul 2008)
 - Advanced Training in Organ Transplantation (ECOT/ESOT) in Cambridge (UK) and Paris (France) (Nov 2002 – May 2003)
-

ACADEMIC & PROFESSIONAL APPOINTMENTS

Current Positions

- Full Professor of General Surgery – University of L'Aquila, Department of Applied Clinical Sciences and Biotechnologies (since 2023), L'Aquila (Italy)
- Director, Division of General Surgery and Organ Transplantation – Ospedale Regionale San Salvatore, L'Aquila (A.S.L. 1 Abruzzo) (since 2023), L'Aquila (Italy)
- Director, Kidney and Pancreas Transplant Center for Abruzzo and Molise Regions– Ospedale Regionale San Salvatore, (since 2023), L'Aquila (Italy)
- Director of the Residency Program in General Surgery at the University of L'Aquila, L'Aquila (Italy) (since 2024)
- Member of the Board of the PhD Course in Experimental Medicine, University of L'Aquila, L'Aquila (Italy) (since 2024)

Previous and Concurrent Roles at the University of Pisa

- Held several key academic positions (Associate Professor, Scientific Board Member, and departmental coordinator) with leadership over high-volume transplant programs for kidney, pancreas, and combined procedures (2015-2023)
 - Associate Professor of Surgery, University of Pisa, Pisa (Italy) (2015-2023)
 - Responsible for the coordination of pre- and post-transplant surgical activities and the supervision of multidisciplinary transplant teams (2019-2023)
 - Assistant Professor of Surgery, University of Pisa, Pisa (Italy) (2011-2015)
 - Member of the Board of the PhD Course in Clinical Sciences, University of Pisa, Pisa (Italy) (2011-2023)
-

TEACHING & ACADEMIC ACTIVITIES

Undergraduate and Postgraduate Teaching

- Lecturer in “Transplant Surgery,” “Hepatic and Biliary Surgery,” and “Emergency Surgery,” “Robotic Surgery” courses at the Universities of L'Aquila and Pisa
- Active involvement in designing and directing Master’s programs, including the Master in Robotic Surgery of the Abdomen and the Master for Operating Room Nursing and Instrumentation

- Extensive supervision of PhD and medical theses in both clinical and experimental surgical research, including topics on overcoming biological barriers in living-donor kidney transplantation and comparative studies in pancreas transplantation

International and National Engagements

- Invited professor and course director in several international courses (e.g., Hesperis Courses, The Donor Surgeon Editions) organized by the European Society for Organ Transplantation (ESOT)
 - Regular participant, moderator, speaker and organizer of national and international congresses, workshops, and continuing education events
-

CLINICAL & SURGICAL EXPERIENCE

Surgical Expertise

- Over 6,000 procedures performed as the primary operator, including:
 - Over 500 Kidney transplantations (from both deceased and living donors)
 - Over 200 Pancreas transplants (both isolated and combined with kidney transplants)
 - Over 100 full laparoscopic nephrectomies for living donation
 - Extensive experience in open surgery, laparoscopic, and robot-assisted procedures:
 - Approximately 2,400 open general surgical interventions (mainly pancreatic and liver resections)
 - Over 1,200 minimally invasive (laparoscopic/robotic) procedures
 - More than 200 vascular surgical procedures (e.g., creation of dialysis access, thrombectomies)
 - Leadership in Transplant Programs
 - Directed surgical teams in high-volume transplant centers, overseeing all phases from patient selection to post-operative care
 - Played a central role in establishing and consolidating transplant programs for kidney and pancreas at leading Italian hospitals
 - Pioneered laparoscopic and robotic surgical techniques in pancreatic and kidney transplantation.
 - Pioneered robotic surgical techniques in pancreatic and liver oncologic surgery.
-

RESEARCH, INNOVATION & SCIENTIFIC CONTRIBUTIONS

Main Research Areas

Organ transplantation, immunology, robotic surgery, pancreatic and hepatobiliary surgery.

Patents & Innovations

Developed new surgical techniques, including original abdominal organ procurement technique and original pancreas retroperitoneal transplantation with portal-enteric drainage. Pioneered kidney and pancreas transplantation with robotic assisted approach. Holder of 2 patents related to innovative surgical techniques and actively engaged in clinical research projects

Innovative Surgical Techniques

Prof. Vistoli has been instrumental in the development and description of several original techniques, including:

1. A novel approach to adrenal vein ligation during laparoscopic adrenalectomy – Surg Endosc 13: 298-302, 1999

2. Development of an experimental anhepatic model in pigs for liver support device testing – *Surgery* 1999 Apr;125:448-55
3. Thoracoscopic splanchnicectomy for pain relief in unresectable pancreatic cancer – *Arch Surg.* 2000;135(3):332-5
4. A simplified en bloc procurement technique for abdominal organs from deceased donors, optimized for pancreas and small-bowel transplantation – *Surgery* 2004; 135: 629-641
5. A new method for retroperitoneal pancreas transplantation with portal-enteric drainage – *Transplantation* 2005 May 15, 79(9): 1137-42
6. An extracorporeal technique for the reconstruction of suprahepatic venous structures and the inferior vena cava following blunt abdominal trauma – *Journal of Trauma Injury, Infection and Critical Care*, 2006 Feb; 60(2): 405-6
7. An original technique for pancreas graft rescue in case of duodenal graft complications - *Am J Transplant* 2010 Mar; 10(3):692-7. Epub 2010 Jan 29
8. An original technique for the first European experience of robot assisted kidney transplantation - *Transpl Int.* 2011 Feb;24(2):213-8. doi: 10.1111/j.1432-2277.2010.01191.x. Epub 2010 Nov 23
9. An original technique for the first world experience of robot assisted pancreas transplantation - *Transplantation* 2012 Jan 27; 93(2): 201-6
10. An original technical option of central pancreatectomy with inframesocolic pancreatojejunostomy - *Langenbecks Arch Surg.* 2012 Feb 11. [Epub ahead of print] PubMed PMID: 22328023
11. An original technical option of blumgart's pancreatico-jejunal anastomosis - *Surgery.* 2020 Sep 18:S0039-6060(20)30545-6. doi: 10.1016/j.surg.2020.08.013. Epub ahead of print. PMID: 32958267
12. An original technical option of double layer hepatico-jejunal anastomosis - *HPB (Oxford).* 2022 May 17:S1365-182X(22)00140-X. doi: 10.1016/j.hpb.2022.05.005. Epub ahead of print. PMID: 35654670

Coordination of Research Groups

- Nov 2021 – Jul 2023: Directed surgical teams and managed pre- and post-transplant care, as well as waiting list coordination for pancreas and kidney transplant programs at the University Hospital of Pisa.
- May 2018 – Jul 2023: Coordinated a joint research group (University of Pisa, CNR Pisa, and University Hospital of Pisa) focused on the experimental and clinical development of uterine transplantation from deceased and living donors.
- Jun 2013 – Jul 2023: Oversaw the coordination of pancreas and kidney transplant programs, including patient enrollment, donor selection, and surgical planning.
- Nov 2010 – Jul 2023: Managed the surgical activities related to pancreas and kidney transplant procedures.
- Sep 2002 – Jul 2023: Coordinated multiple transplant initiatives at the University Hospital of Pisa, including:
 - Deceased donor kidney transplants (single and dual)
 - Minimally invasive living-donor kidney donation and transplantation
 - Simultaneous pancreas-kidney transplants, isolated pancreas transplants, islet transplants, and combined procedures
- 2006 – 2008: Led an interuniversity research group (Pisa and Bologna) developing a porcine model to study a novel antioxidant (IACVITA) on reversible fulminant hepatic failure.
- Jan 2001 – Dec 2001: Headed a research project investigating the effects of different pneumoperitoneum gases on renal function in pigs, funded as a young researcher initiative at the University of Pisa.

Publications and Editorial Work

- Authored over 165 peer-reviewed articles, book chapters, and monographs in high-impact surgical and transplant journals
 - Serves on the editorial boards of international scientific journals (e.g. Transplant International, Transplantation, American Journal of Transplantation, Updates in Surgery, etc) and is an active reviewer for research funding agencies.
 - His bibliometric profile reflects high citation counts and significant impact on the field, according to Google Scholar:
 - Citations: 6,051 (since 2020: 2,616)
 - H-index: 42 (since 2020: 29)
 - Papers with at least 10 citations: 112 (since 2020: 71)
-

ADDITIONAL PROFESSIONAL ACTIVITIES

- Board executive member of national and international transplantation societies, including: European Pancreas Transplant Association, Italian Society for Organ Transplantation, Education Committee of the International Pancreas and Islet Transplant Association.
 - Organizer of conferences, workshops, and training courses on oncologic robotic surgery and transplant surgery, including: IPITA World Congress 2025 (2025); SISQT Annual Congress (2024); EPITA Winter Symposium (2019-2024); First World Consensus Conference on Pancreas Transplantation (2019); Italian Transplant Society for Organ Transplantation Annual Congress (2017-2023).
 - Regularly involved in organizing and moderating congresses, advanced surgical courses, and multidisciplinary workshops
 - Speaker regularly invited to national and international congresses
-

SCIENTIFIC RANKING

- **Top Italian Scientists (TIS) – topitalianscientists.org**
 - Listed since the 2021 Edition within Clinical Sciences section.
 - This ranking selects Italian scientists with an H-index ≥ 30 according to the Google Scholar database, recognizing their international scientific impact.
-

AWARDS AND HONORS

International & National Recognition for Research and Clinical Excellence

2025

- **Best Paper Award**, Italian Society for Research in Surgery (SIRC)

2022

- **Best Paper Award – 2nd Prize**, 9th IEEE/RAS-EMBS International Conference on Biomedical Robotics and Biomechatronics (BioRob), Seoul, Korea.

2021

- **Best Podium Presentation**, 123rd National Congress of the Italian Society of Surgery (SIC), Catania, Italy.

2019

- **T.E. Starzl Best Paper Award**, 43rd National Congress of the Italian Society for Organ Transplantation (SITO), Rome, Italy.
- **Poster of Distinction** (Top 10%), American Transplant Congress, Boston, USA.

2018

- **Special Award "Giovanni Gronchi" for Clinical Activity and Scientific Research**, Pontedera, Italy.

2017

- **Best Video in HBP/Hernia Surgery**, 25th International Congress of the European Association for Endoscopic Surgery (EAES), Frankfurt, Germany.

2015

- **Best Poster Presentation**, Italian-French Symposium on Reasoned Cancer Surgery, Rome, Italy.

2013

- **Best Oral Presentation: Pancreas**, 10th World Congress of the International Hepato-Pancreato-Biliary Association (IHPBA).

2011

- **City of Glasgow Award** (twice awarded), European Society for Organ Transplantation (ESOT) Congress, Glasgow, UK.

2009

- **Poster Prize**, Artificial Insulin Delivery, Pancreas and Islet Transplantation (AIDPIT) Study Group, Innsbruck, Austria.

2003

- **ESOT Award for Best Oral Presentation**, European Society for Organ Transplantation Congress, Venice, Italy.
- **ETCO Best Abstract Award**, European Transplant Coordinators Organization Congress, Venice, Italy.

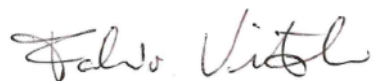

Selected Earlier Awards (Demonstrating a Consistent Track Record)

- **Multiple Study Awards** from the Italian Association for the Study of the Pancreas (AISP) for research on pancreatic surgery and transplantation (2000-2003).
- **Research Prizes** from the University of Pisa for young investigators and overall research merit (2000).
- **Awards from National Societies** including the Italian Society of Surgical Oncology (SICO) and the Italian Society for Organ Transplantation (SITO) for oncological and transplant research (1999-2004).

SUMMARY

Prof. Fabio Vistoli's career reflects a deep commitment to advancing the field of abdominal and transplant surgery. His broad expertise in HPB surgery, kidney and pancreas transplantation, innovative research, and robust academic leadership make him an ideal candidate for recruitment in advanced clinical and academic roles.

L'Aquila, November 11th, 2025
